

**REMARKS**

Examiner Passaniti has requested that the Applicants, pursuant to 37 CFR § 1.105 identify the specific claims among the assignees issued patents and co-pending applications which present double patenting issues with the claims of the Present Application.

Previously, claims 1-30 and 41-61 were rejected under the judicially created obviousness-type double patenting as being unpatentable over the claims of U.S. Patent Numbers 6491592, 6739982, 6354962, 6758763 and 6994637. Applicants previously submitted terminal disclaimers for U.S. Patent Numbers 6491592, 6739982, 6354962, 6758763 and 6994637.

In addition to the above-mentioned patents, Applicants believe that the following patents and applications may present double patenting issues, and thus the Applicants submit additional terminal disclaimers for these patents and applications: U.S. Patent Number 6582323 (Application Number 09/683,860) claims 1-18; U.S. Patent Application Number 10/249,782, claims 1-13; and U.S. Patent Application Number 10/709,247, claims 1-45;

It is believed that the claims are now allowable. The Applicants therefore respectfully solicit a Notice of Allowance.

*Jul 31, 2006*

Respectfully submitted,
